Turning Hard Times into Good Times

Turning Hard Times into Good Times

Tuesday at 12 Noon Pacific

November 25th 2014: The Dollar vs. Gold. An Epic Battle is Taking Shape!

Chen Lin and Dr. Michael Berry return. Paper gold markets have become exceptionally volatile as people are now willing to pay more to borrow gold than dollars. That is highly unusual but it has persisted through much of 2014. Chen calls this an epic battle for gold, but which way will gold tip? Is this the start of a long bear market for gold like that of 1982 or are we poised for the next and final leg in the bull market that started in 2002? We will ask Chen for his thoughts on gold as well as on various energy markets and for some stocks he remains very bullish on. We will get Dr. Berry's t

Chen Lin

Chen Lin, had been a doctoral candidate in aeronautical engineering at Princeton. However, Chen found his investment strategies were so profitable that he put his Ph.D. on the back burner to devote full time to private investing and writing a newsletter titled "What is Chen Buying? What is Chen Selling?" Chen's track record has been phenomenal! In one account we track in which he used no leverage, he was able to grow \$5,411 starting in 2002 to over \$2.2 million by the end of 2012. You can visit his website at <http://chenpicks.com/>

Dr. Michael Berry

Dr. Michael Berry - Co-Editor of the Disruptive Discoveries Journal Michael Berry was born in Colombia, raised in Canada and has now lived in the US for many years. After earning a Ph.D. from Arizona State University (specializing in investment finance), he was a professor at the Colgate Darden Graduate School of Business Administration at the University of Virginia. He followed winning the Wheat First Endowed Chair at James Madison University in Harrisonburg, Virginia. Over time his career evolved into managing small and mid cap value portfolios for Kemper Scudder and Milwaukee based Heartland Advisors. During the past 8 years he has been a guest lecturer at the Federal Rese
