January 20th 2015: Success in Advocacy by
FASD Family Caregivers**

Tim Windle is the biological father of 2 daughters. The youngest, 28, is affected by FASD. He and his wife of 20 years, Barb, have experienced the many challenges in raising an FASD-affected daughter. David Gerry, BSc Biology and Psychology, <http://LivingWithFASD.com>, began his intensive "home-study" applied learning in FASD on becoming a foster parent to two children with FASD. They share experiences of family caregiving for FASD. They highlight the most challenging challenges for family members living with FASD and for their family caregivers. They discuss treatment programs needed to help
