February 3rd 2015: Living Net Zero - A Future Proof Home

What's it like to be Future Proof? Would you rather pay yourself, or would you rather pay a utility company? Do you have the peace of mind that your home is more resilient in the event of an emergency? Would you like to know for sure that your home is part of the solution towards building a better world? Welcome to Net Zero living. In this episode of Future Proof Radio, Shane and guest Murray Guy, Principle of EcoSmart Developments and Integrated Designs discuss Murray's new net zero duplex in Saskatoon. We discuss the how and why to build to net zero as well as the costs involved. Thi

Murray Guy

Murray and his son Taylor launched EcoSmart Developments in 2011 a design build company that specializes in delivering high performance homes. We have just completed our third project an infill Net 0 duplex in North Park of Saskatoon, Saskatchewan that will be our new home.
