Monday at 11 AM Pacific
February 09th 2015: Cori Brackett on Aspartame, EMR dangers, GMOs and glyphosate

Frequent guest Cori Brackett, director/producer of the documentaries "Sweet Misery" and "Sweet Remedy", was in a wheelchair with MS, her vision failing, unable to move, when she discovered that her ailment was caused by the terrible neurotoxin, aspartame (NutraSweet). She stopped her "diet" soda consumption cold turkey, and recovered totally. Now she has her own documentaries, Internet radio show and is a passionate crusader for natural health and well being. We'll discuss cell phone radiation, "smart" meters, the connection between GMOs and autism, and generally have a wide-ranging convers
