Emily Nicholas has helped Patients Canada, <http://www.patientscanada.ca/>, bring the patient voice to all levels of health care for over five years, drawing on her own experience as a patient as well as a lifelong interest in medicine and public health. She talks about her life, career, and experience with family caregiving. She explains the work of Patients Canada and her work with it. She discusses the most challenging of the challenges that patients' privacy creates for hospitals, legislators and for patients themselves. She discusses ways for overcoming the most challenging challenges she i
