April 16th 2015: Collaborative Success

Today we have two senior level executives who address the role of collaboration both in the workplace and for personal success. Our first guest is Tamara Erickson who has been named three times as one of the 50 most influential management thinkers in the world, and has authored many articles for the Harvard Business Review, and MIT's Sloan Management Review. Tammy will be sharing leadership advice and how leadership roles are changing. Our second guest is May Pao who was a Former VP at Zebra Technologies. May will be sharing the insights and strategies she has used to climb the corporate ladder.

**Tamara J. Erickson**

Tamara J. Erickson is a McKinsey Award-winning author, and a widely-respected expert on collaboration and innovation, the changing workforce, and the nature of work in intelligent organizations. She has three-times been named one of the 50 most influential living management thinkers in the world by Thinkers50. She has written a trilogy of books on how individuals in specific generations can excel in today's workplace: Retire Retirement, What's Next, Gen X? and Plugged In, and is working on a fourth book for the generation under 17 today. Tammy has authored or co-authored numerous Harvard Business Review articles. Erickson holds a BA degree in Biological Sciences from the University of C

**May Pao**

May is a senior business consultant at Bridge Partners Consulting and an executive who has a track record for accelerating growth and exceeding plan in high-tech companies. She has created high growth alliance programs for Cisco Systems and Zebra Technologies to create integrated solutions for tracking assets; as well as launched new businesses and products at Motorola and MCI Communications. May is a catalyst who can synthesize a strategy, create a plan of action, build a team, launch, and get results in a short timeframe. As a result of her work at Zebra, she was named a "Channel Chief" by CRN Magazine. Prior to joining Bridge Partners, May was a VP at Zebra Technologies and held executi
