April 21st 2015: Significant Changes to Google Announced Today -- are you Affected

Google today announced a large update to its search engine that will almost certainly impact you negatively if your site is not mobile friendly. How to determine how suited your site is to mobile; big data has been all the rage in recent years, we discuss some unusual applications you have probably never heard of; the investment in digital ads worldwide has exploded, how many of the millions of ads you have seen do you remember? Which ads work and which don't; the phenomena that is Netflix is changing television as we have known it for 50 years; there is an old saying "it's not about who did
