April 28th 2015: Tremors in the Universe - Shaking Up the Parkinson's Experience

As the Parkinson's community continues to grow, so do the critical needs of individuals like Robert Baittie who are affected by the disease. This makes raising awareness and increasing participation in clinical trials vitally important. Robert will describe his personal, spiritual responses to this widespread illness. Events like Moving Day®, held in Chicago and in cities across the nation, contribute resources and funds that are needed for continuing research and care. In addition they inspire and bring together families, friends, and communities in the fight against Parkinson's disease. Robe

Featured Guest

Robert Baittie

Robert Baittie was diagnosed with Parkinson's disease in 2012 at the age of fifty-two. What started as a personal setback has turned into a much stronger push forward -- to fight against the disease and make every day count. Robert is an active participant in the PPMI clinical trial with the Michael J. Fox Foundation. His book "Tremors in the Universe" (tremorsintheuniverse.com) was recently published as an inspiring personal memoir documenting his journey with Parkinson's and spirituality. Robert and his daughter Amanda created team Martini Shakers to participate in Moving Day Chicago, a National Parkinson Foundation fundraising and awareness program. The team's incredible efforts in just
