

# Turning Hard Times into Good Times

with Jay Taylor

## Turning Hard Times into Good Times Tuesday at 12 Noon Pacific

June 23rd 2015: Frank Holmes discusses Jets, BRICS AND Gold.

Frank Holmes and Michael Oliver are returning guests this week. Long time gold mining fund manager Frank Holmes will update us on his views on the gold mining industry as well as for the airline industry for which he created a new ETF, namely the U.S. Global Jets ETF (NYSE-JETS). Frank will also fill us in on prospects for the BRICS countries, in particular China and surrounding countries on which Frank's China Regional Fund is focused. All of Frank's topics will be discussed in the context of an increasingly turbulent and phony global capital markets environment. Michael Oliver joins me to

### Featured Guests

#### Frank Holmes

Frank Holmes is the CEO and Chief Investment Officer of U.S. Global Funds, which specializes in natural resources and emerging markets investing. As chief investment officer at U.S. Global, Holmes oversees an investment team whose mutual funds have won more than two dozen Lipper Fund Awards and certificates since 2000. Mr. Holmes was selected as the 2006 mining fund manager of the year by Mining Journal, a leading publication for the global natural resources industry. He is also the co-author of *The Goldwatcher: Demystifying Gold Investing*. He is engaged in a number of international philanthropies and is a member of the President's Circle and on the investment committee of International Cr

#### J. Michael Oliver

J. Michael Oliver entered the financial services industry in 1975 on the Futures side, joining E.F. Hutton's International Commodity Division, NYC. He studied under David Johnson, head of Hutton's Commodity Division and Chairman of the COMEX. In the 1980's Oliver began to develop his own momentum-based method of technical analysis. In 1987 Oliver, along with his futures client accounts (Oliver had trading POA) technically anticipated and captured the Crash. Oliver began to realize that his emergent momentum-structural-based tools should be further developed into a full analytic methodology. In 1992 he was asked by the Financial VP and head of Wachovia Bank's Trust Department to provi
