PI's Declassified!
Thursday at 9 AM Pacific
**July 16th 2015: Exposing Tampered Recordings
and Video Enhancement**

When you receive a digital recording, do you know how to tell if it has been altered? If you cannot quite make out whispers, facial details, or a license plate, do you know what to do next? This episode explains how to detect and prove file tampering, how to prevent it, and the easy steps to enhance the details. Listeners will learn the trade secrets, best practices, educational resources, and free software that is relied upon by forensic experts worldwide. Tune in to hear Doug Carner, a forensic audio, video, Image enhancement and authentication expert share his expertise.
