July 20th 2015: **Special Encore Presentation: Internal Audit at a Turning Point: Command Center for Risk?**

The buzz: IA. Technology innovations are giving your Internal Audit (IA) team a real opportunity to shift from its traditional role as a deliverer of assurance and protector of existing value to a new role of trusted advisor. With its corporate level positioning and cross-functional role, IA may also be in the running to play a lead role in identifying and helping to manage risk – perhaps as your company's command center for risk. Is there more ahead for IA? And how should you measure its expanded value? The experts speak. Paul Sobel, Georgia-Pacific: "You see things; and you say, 'Why?' B
