THE #1 GLOBAL FINTECH RADIO SHOW & PODCAST

BRETT KING

JP NICOLS

JASON HENRICHS

Breaking Banks Fintech Thursday at 12 Noon Pacific August 06th 2015: Digital identity- keeping ahead of fraud.

Maintaining customer security has always been a focus of the payments industry, both for merchants and customers. Being highly susceptible to theft, cash is the least secure. Cards have a little more security, but hackers have managed to invade the security systems of major retailers to steal customer information. And now, some are using scanners to get the information of contactless cards. A major benefit of mobile payments is the promise of increased security. Despite the concerns, smartphones provide a huge leap forward in identity security. Brett talks with Will Weisman (@wweisma
