October 13th 2015: A Fertile Mind Can Create Anything

Fertility isn't just about having babies, a subject I explore in Creations: Conscious Fertility and Conception, Pregnancy and Birth, curated by Sadie Lake. There's a much broader version which – as creators in consciousness – is perhaps truer and more relevant: "In its original concept, fertility is the state of being fruitful, abundant, and generative...with ease. In its essence, it is the possibility of all creation and expansiveness. The reason this distinction is so valuable is that it brings you squarely into the heart of who you are as a powerful channel of energy and what this can mean
