#### Kelly Schwegel

Kelly Schwegel is the developer of Connected Healing, a method of holistic healing that combines Western and Eastern practices, without the use of pharmaceuticals or invasive surgeries. She learned of the value and effectiveness of this technique through not only her work as a holistic healing practitioner, but through healing herself of nine different medical conditions. She facilitates healing for clients around the world through coaching, intuitive guidance, higher wisdom, guided emotional releasing and instruction to teach others how to heal themselves as she did. Author of the book, What If... and presenter and developer of the workshop series: "Understanding Energy" Kelly has a passion
