December 01st 2015:QDNA Epigenetics - Behavioral Genes - Are Your Neanderthal Caveman Genes a Genetic Obstacle To You Now?

Are your Neanderthal Caveman genes creating a genetic obstacle for you to achieve what you would like to achieve in life now? Is your mind running on automatic pilot, looping negative and useless genetic programs that hold you hostage and prisoner to your limiting beliefs? Your mind uses you without you even being aware of it. Your mind has been preprogrammed since the caveman days and it's been controlling your behavior. Prehistoric adaptive thinking motivates you for lack, aggression, competition, conflict, prejudice, stress, mistaken perceptions, fear, worry, despair, depression, etc. The

James D Baird, PhD

James D. Baird, PhD is a renaissance man with 40 years of experience as a successful inventor, graduate engineer who pioneered a new science of "ultrasonics" which earned him several patents. He founded Dynasonics, Inc., a design and manufacturing company of ultrasonic sensors and computers. His inventory background instilled in him a persistent curiosity about how things work, translating from mechanisms to life. His passion for understanding the bioengineering that makes us human, combined with his religious and spiritual beliefs led him to research the subject of happiness for more than 20 years, and in the process, earned him a PhD in Natural Health. Dr. Baird studied genetics, common be
