March 22nd 2016: How Visual Goal Setting Will Change Your Life

The ability to embrace change is considered to be among the top survival skills needed to thrive in the 21st century. So it is now more important than ever for young and old alike to be as resilient and adaptable as chameleons. That said, statistics show that only 1 in 10 individuals have the tools to empower themselves and create—not just react to—change. In DRAWING SOLUTIONS: How Visual Goal Setting Will Change Your Life, business consultant Patti Dobrowolski shows readers how to actualize the transformations they desire through a mapping process that will turn their dreams into reality. <
