April 29th 2016: 'Catching The Sun'
Documentary Explores Whether Solar Can Solve Our Economic And Climate Crises

Can we build a green economy and fight pollution at the same time? Is energy policy also social policy? Through the stories of workers and entrepreneurs in the U.S. and China, *Catching the Sun* explores the global race to lead the clean energy future. Over the course of a solar jobs training program, *Catching the Sun* follows the hope and heartbreak of unemployed American workers seeking jobs in the solar industry. With countries like China investing in innovative technologies and capitalizing on this trillion-dollar opportunity, *Catching the Sun* tells the story of the global energy transition f
