**June 7th 2016: Only 60 People In The World Can Recall
Every Single Day Of Their Life**

What would it look like if you remembered every single day of your life since childhood?

Frank Healy is 56 and he remembers every day of his life since he was 6 yrs old and is classified by the University of California as having Hyperthymesia or Highly Superior Autobiographical Memory.

He recalls the weather, news and personal events for the past 50 years.

Remembering every day of his life had it's good and bad points. The good points were that he remembers all of the fun he has had in his life. However, the bad points include the memory of every bad day at work, romant
