

# Internet of Things

Special Edition Series of

## Coffee Break with Game-Changers

with your host **Bonnie D. Graham**

**Internet of Things with Game Changers, Presented by SAP**  
**Tuesday at 7 AM Pacific /10 AM Eastern**  
**August 11th 2016: Telcos and the IoT: Future of Everything-as-a-Service**

The buzz: Leader of the pack. You've heard of Software-as-a-service: instead of buying and installing software on your own hardware, you access it via the Internet. Is SaaS new? Not! The Telecommunications industry has been doing "as-a-service" for 100+ years, positioning Telcos as leaders in the movement to offer Everything-as-a-service. XaaS is not just phone service, but also software, communications, infrastructure, data, platforms. Where is this trend going? Will it benefit your company and industry? What businesses will be changed forever? The experts speak. Craig Bachmann, TM Forum

#### Angela Russell-Rekika

In January 2016, Angela Russell-Rekika joined SAP as the Global Account Director for Verizon, her latest move after 26-years in the communications industry. Before that, she was IBM's Global Telecommunications Strategy and Business Development leader for IBM's Cloud and Internet of Things portfolios. There she helped create Smarter Cities alliances between IBM and carriers like Vodafone, AT&T and Deutsche Telekom. Her work with AT&T resulted in an invitation from NIST to present on Smarter Cities at the White House in 2014. Angela has extensive experience with core and access network technologies, as well as network operations and OSS, stemming from her Lucent Technologies background. Sh
