

### The Rise of the Feminine Archives Available

October 31st 2016: Is it time to call in the Grandmothers?

In the final episode of this first series of The Rise of the Feminine we reflect on the topics discussed with guests, revisit highlights of the show, where more than 40 different experts provided wisdom and important insights informing our present and future. The main topic for the episode is the role of elders, primarily women elders. We will look at the significance of the older, wise women and the archetype of the grandmother and the contribution they have been making to the rise of the feminine. As we move away from patriarchy, the dominant culture of the last few thousand years, this show

### Featured Guests

#### Gary Malkin

Gary Malkin is an Emmy Award-winning composer, performer, public speaker and music and health innovator who empowers the world to embrace musical strategies as catalysts for health, wellness, and a connection to what matters most. He seeks to redefine music's role in healthcare, with a particular focus on developing listening tools for patients, care providers and families who are facing life transitions through all phases of life. His globally acclaimed palliative classic, Graceful Passages, co-created with award-winning conscious media creators Michael and Doris Stillwater, has touched nearly a million people worldwide, offering psycho-spiritual support for patients and caregivers engaged
