The Optimal Health Hour
Tuesday at 2 PM Pacific
December 13th 2016: Medical Marijuana and The FDA's stance on the medical marijuana industry

This week we will explore the scientific reasons behind medical Marijuana protocol and why it is so effective for treating illness. We will talk with a leading medical marijuana industry expert about medical marijuana protocol for a wide array of illnesses. You will learn about new research, where the FDA regulations are heading for medical marijuana and what it means for patients that it can help. This is a hot topic you don't want to miss. Join us for the next Optimal Health Hour episode.

Featured Guest

Dr. Stuart Titus, Ph.D

Stuart Titus, Ph.D. is a cannabis industry icon and innovator and the co-founder and President of General Hemp, LLC. He has a broad background in all aspects of the medical marijuana and industrial hemp industries. His passion is to help others by supporting the greater cannabis industry. He practiced as a British Physiotherapist for over fifteen years, specializing in integrative pain management and injury rehabilitation, treating over 40,000 patients. His first-hand experience with therapeutic hemp oil products as nutritional supplements drive him to continue to support the emerging cannabis medical marijuana and industrial hemp industries in the United States and abroad. A
