Peter Dasler--CanAlaska Uranium

Recognizing the favorable upturn of the uranium cycle in early 2004, Mr. Dasler positioned CanAlaska Uranium (then CanAlaska Ventures Ltd.) to become a significant presence in the field of Canadian uranium exploration by staking mineral claims in the most favorable districts of Canada's Athabasca Basin, home to the world's largest-richest uranium mines. He has since assembled an expert geological team that has enabled CanAlaska to carry out over \$50 million in exploration and advance multiple uranium projects towards discovery. Mr. Dasler possesses a comprehensive mineral exploration and public company management background, having worked for over 20 years in Canada as an executive and
