### Dr. Carole's Couch Tuesday at 1 PM Pacific

**December 27th 2016: Autism: The Tragic Tale of When Science Lost Its Soul**

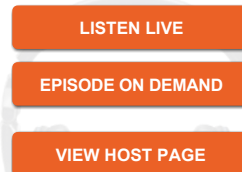

The sad day has come when government believes it has the right to tell parents what to put in their children's bodies... even if they know it will harm them. This is the crisis that parents face, being told that they must get their children inoculated with the measles, mumps and rubella vaccine even though it risks triggering autism. Today's guest, Kent Heckenlively, author of the new book, *Inoculated: How Science Lost Its Soul in Autism*, knows this tragedy firsthand. His previously healthy daughter, after receiving this vaccine, developed autism, and his son almost went the same path. His per
