#### The ALS Association

The ALS Association is a non-profit organization fighting Lou Gehrig's Disease. Amyotrophic lateral sclerosis (ALS) is a progressive neurodegenerative disease that affects nerve cells in the brain and the spinal cord. Motor neurons reach from the brain to the spinal cord and from the spinal cord to the muscles throughout the body and could eventually lead to death. The association provides assistance for people with ALS through a nationwide network of chapters, coordinating multidisciplinary care through certified clinical care centers, and fostering government partnerships. The Association builds hope and enhances quality of life while aggressively searching for new treatments and a cure.
