June 14th 2017: You Don't Own Me: What About My Data? - Part 2

The buzz: "You already have zero privacy – get over it" (Scott McNealy). We as individuals have welcomed Internet-connected, mobile devices to help us make daily decisions. But when we share data with companies, and they share it with their business partners, are their built-in and bolted-on data security capabilities enough to protect our personal information? The experts speak. Brian Kilcourse, RRS Research: "If you spend more on coffee than on IT security, you will be hacked. What's more, you deserve to be hacked" (Richard Clarke). Frank Diana, TCS: "You could go crazy thinking of how un-
