**June 26th 2017: Inspiring A Whole New Physician: An  
Interview with Margaret Cary and Jack Penner**

In this episode, host Dave Goldberg is joined by Georgetown University School of Medicine professor, Dr. Margaret Cary, and Georgetown medical student, Jack Penner. Together they have built a program for medical students that pairs them with executive coaches in their undergraduate and graduate medical education to encourage medical students to become compassionate caregivers and healthcare leaders. Join Margaret, Jack, and Dave as they delve into the importance of fostering leadership and listening skills within the medical field.

#### Margaret Cary

Dr. Margaret Cary is a passionate educator with a physician's mind and a friend's heart. As a leadership coach she blends a scientist's thinking with a caregiver's empathy. She is a ferocious learner and serial focuser with a lifelong passion for sharing what she's learned. She is an inspirational motivator, occasional humorist, and excellent listener and storyteller. She is internationally known as an engaging speaker who translates the latest research in leadership development and adult learning into entertaining and highly interactive presentations. She is a graduate of Georgetown University's Leadership Coaching Certificate program, soon to complete a Barry Johnson's two-year Mastery i

#### Jack Penner

Jack Penner is an eternally curious medical student at Georgetown University School of Medicine who brings the synergistic perspectives of a developing physician and coach to his work with future medical professionals. Since seeing the impact of coaching on his resilience, empathy, and leadership, he has leapt head first into helping medical students become compassionate caregivers and healthcare leaders. He and his coach, Dr. Margaret Cary, have built a program for medical students that pairs them with executive coaches in their undergraduate and graduate medical education. Their work together has been featured in The Washington Post, The Harvard Macy Institute, and multiple healthcare pu
